

## About us

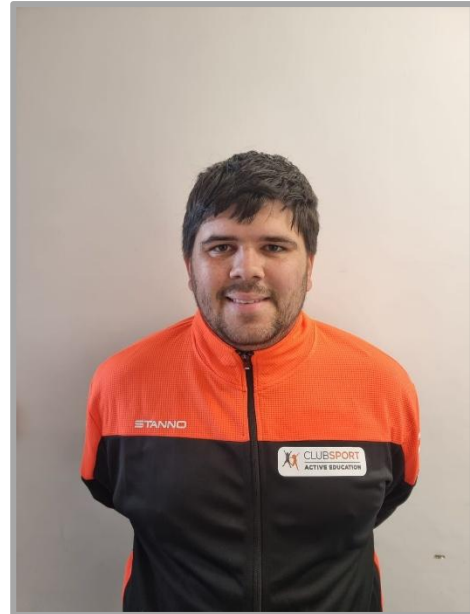

Coach Eliot - Eliot has been with All Kids Active at Fulmer since we started and has really made the site his own! He is king of crafts and always coming up with ideas to keep the children engaged and interested. He's always willing to sit down next to the kids and play, whether it be Lego, Crafts, Tile Magnets or paper Airplanes!

Coach Fran - Fran has been with us for over a year now and as well as being part of our leadership team she also plans the food menu (plus the food shop!) and activity timetable for the school. Fran is a qualified and experienced football coach but loves getting kids involved in all sports. Fran is also 'Queen of iPal' (our booking system) so if you ever have any booking queries, she's the one to speak to!

Coach Ben - Ben has been with the company for 5 years now starting with us as an apprentice. Since then, he has become trained in Bikeability, Balanceability and Forest School, as well as various sports qualifications. Ben is an avid Wycombe Wanderers fan (which is why we can't get him to work weekends!) and makes sure the school is kept well-resourced with games, crafts, Lego, balls and rackets for the kids to enjoy.

Coach Josh - Josh is our first cover for the setting and as such you will not see him as frequently at Fulmer Infant. However, he loves coming down to see the kids and staff every so often and checking everything is running smoothly (as well as looking for the 1% improvements we can make!). Josh is also qualified in a range of sports and has been with us for over a year and also completed a sports apprenticeship with us.

Coach Hayley – Hayley's main site is based in Amersham but she often helps us out at Fulmer from time to time to share her expertise. Hayley has previously worked for a number of companies delivering wraparound in schools and as such brings a wealth of experience and insights which she shares with the whole team.
