FULMER INFANT SCHOOL
Aldbourn Lane
Fulmer
Buckinghamshire
SL3 6JB

Dear Parents/Carers,

Relationships and Health Education

You may be aware that the Government has decided that all primary schools are required to teach Relationships and Health Education as part of the PSHE (Personal, Social and Health Education) curriculum. Due to the pandemic, schools have been given some flexibility, however they must now fully implement the new curriculum from the beginning of the Summer Term 2021. For more information on Relationships and Health Education the DfE have produced the attached guide for parents, please note that this is guidance for Primary schools and we are an Infant school.

Relationships and Health Education should enable children to know what a healthy relationship looks like, how to build and maintain happy, healthy and safe relationships with others and recognise the importance of a range of relationships with friends and family, in school and in the wider community. It will help children to make good decisions about their health and wellbeing. It also teaches them to recognise unhealthy behaviours, how to keep safe, identify potential dangers in their online and offline lives and how to report any concerns and where to access help when needed.

As required by the Government, we would like to take this opportunity to consult with you. Our Relationships Education policy is attached to this email and we would welcome any feedback, comments or questions that you may have. To do so please email the school office on office@fulmer.bucks.sch.uk before 3pm Friday 26th March.

Thank you for your continued support.

Yours faithfully

Handwritten signatures of Mrs Cathy Hunt and Mrs Tracey Dowsing in blue ink.
