

Hidden number puzzle

Help me to complete these sums.
As you work out each answer find it on
the number square and colour it in.

1	2	3	4	5	6	7
8	9	10	11	12	13	14
15	16	17	18	19	20	21
22	23	24	25	26	27	28
29	30	31	32	33	34	35
36	37	38	39	40	41	42
43	44	45	46	47	48	49
50	51	52	53	54	55	56

$0 + 2 = \square$

$3 + 27 = \square$

$10 + 9 = \square$

$12 + 20 = \square$

$16 + 10 = \square$

$30 + 4 = \square$

$24 + 30 = \square$

$16 + 7 = \square$

$8 + 8 = \square$

$20 + 20 = \square$

$5 + 4 = \square$

$2 + 29 = \square$

$15 + 18 = \square$

$17 + 30 = \square$

What hidden number can you see in the coloured squares?

Write a sum using this number and one other. + = 13

Name: _____

Colour me green

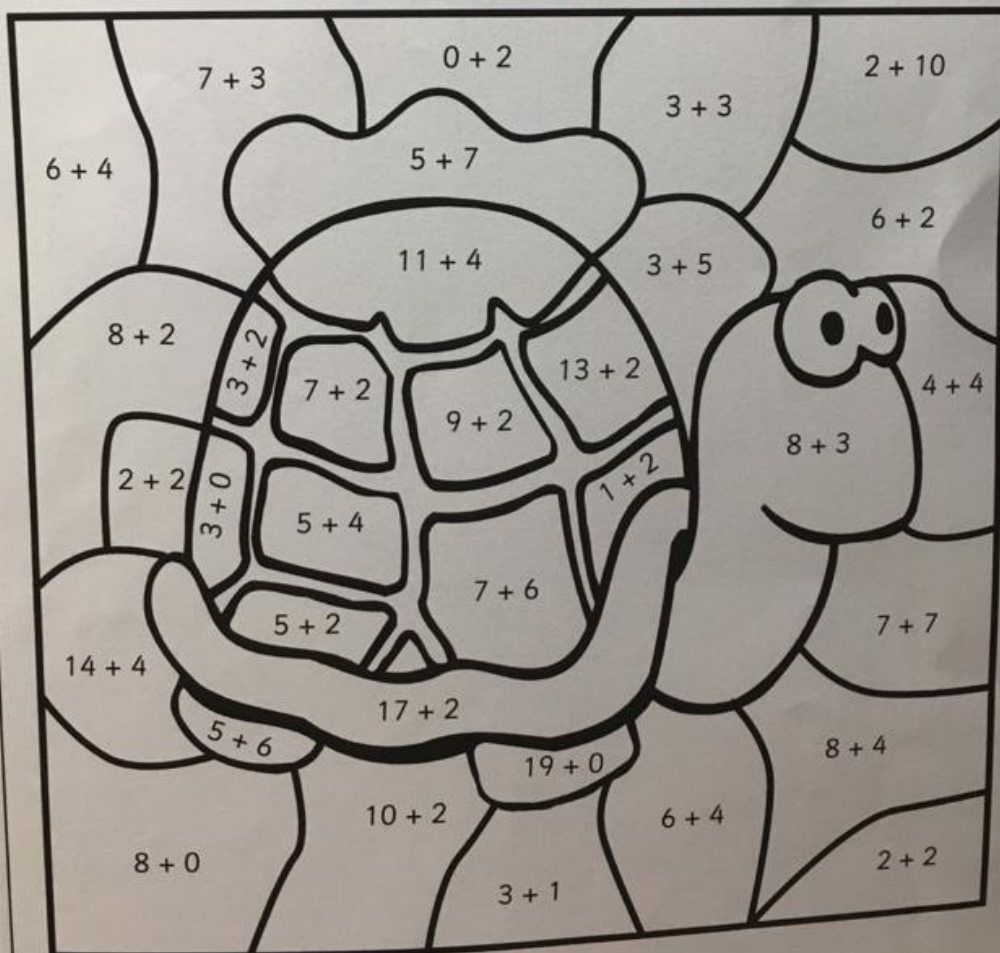

Circle the even numbers 0 1 2 4 5 6 7 8 9 10

Circle the odd numbers 0 1 2 4 5 6 7 8 9 10

Add each pair of numbers up.

If the number is an even number colour it brown.

If the answer is an odd number colour it green.

I can see Tommy the _____
