

# Rainforest vocabulary

Draw a line to connect each word with its correct definition.

Forest floor

A river and rainforest in Queensland, Australia.

Tropics

When animals or plants may soon fail to exist because their numbers have fallen.

Amazon

When people cut down large areas of trees.

Yanomami

A type of bird with a large, colourful beak.

Sloth

The hottest area on the Earth.

Jaguar

A dark area with few plants, covered in rotting leaves.

Toucan

A damp area with little sunlight, containing large-leaved shrubs, between the canopy and forest floor.

Understory

The world's slowest mammal.

Daintree

The 'roof' of the rainforest, thick with tree branches and leaves.

Deforestation

A tribe of people who live in the rainforests of South America.

Canopy

A river in South America surrounded by rainforest.

Endangered

An endangered animal similar to a leopard.

# The Rainforest

Roaming through the rainforest  
I see

---

Roaming through the rainforest  
I hear

---

---

---

Roaming through the rainforest  
I feel

And I feel afraid.  
Afraid that the rainforest may soon be gone.  
Please,  
Everyone,  
Rescue the rainforests.
